*Ages as centers of education, which became medieval universities, the springboard of many of Western Europe's later achievements. The Catholic Cistercian*

Christianity has been intricately intertwined with the history and formation of Western society. Throughout its long history, the Church has been a major source of social services like schooling and medical care; an inspiration for art, culture and philosophy; and an influential player in politics and religion. Comment. Looks very good. I suggest that there is still some copyediting to be done; there is some overuse of passive voice, a few instances of odd phrasing, etc. One minor referencing problem; the...
